The Thursday times work. Friday at 10 works but 1030 not as good since I have a hard stop at 11.

John,

Thank you so much! I just asked Thomas what time he'd like us to present, so we'll have a better idea for timing.

Thank you for forwarding this presentation, I'll incorporate it into the one I'm putting together. Are you available next Thursday, May 27 at 10 or 10:30am or Friday, May 28 at 10 or 10:30am to discuss any updates on the dumping sites? I'll send a calendar invite if any of those times work for you.

Thank you again!

Ylan

Ylan, Yes, probably better if I join you rather than Judy. I'm happy to do so, although I may need a join a few minutes late due to a monthly Hunters Pt meeting that starts at 9am and my run past 10.

If it's at all useful, here's an old presentation Judy and I used for a talk with OPA last month. While part of it focused on PV Shelf, maybe a slide or two might work for you. If you'd like to chat in advance for any updates on the dumping sites that you may not be aware of, we can find a time next week.

John

Hi Ylan:

Technically John C. is the lead on this issue.
I've copied him on this email.
I will let him decide ...

Subject: Overview of Ocean Dumping PV Shelf

Hi Judy,

I hope you're doing well! I was asked to give a brief presentation/overview of the ocean dumping in the PV Shelf area for my branch in ORC and I was wondering if you'd like to join me on Thursday, June 3 sometime during my Branch meeting from 10am-11:30am. I'm planning to show the CBS video and present a short PowerPoint presentation and answer any questions folks from ORC may have. If you're too busy or don't want to join, that's totally okay too.

Thanks!

Ylan
